

Map of the Spirit World

The true essence of a human being is a soul. Our body is merely a vehicle. When our soul leaves the physical body, it returns to the Spirit World. The Spirit World is multidimensional structure, and we return to the dimension according to our state of mind.

Let's take a quick tour of the Spirit World!

4th Dimension

The 4th dimension is where we go after death. From there, it is then determined if we will go to Heaven or Hell. Hell is just a subsection of the 4th dimension.

EL CANTARE
GOD OF THE EARTH

World of
Saviors

World of
Great Angels

World of
Angelic Love

World of
Light

World of
Goodness

Hell

9th Dimension

The 9th dimension is the world of saviors or Grand Tathagatas. These spirits are considered messiahs who come down to earth such as Jesus Christ, Buddha and Moses.

8th Dimension

The spirits of the 8th dimension are known as Great Guiding Spirits of Light and they can be referred as Archangels or Tathagatas. These spirits are like God's representatives who help others attain higher awareness and reach happiness (e.g. Thomas Edison).

7th Dimension

The 7th dimension is the world of love, where angels or bodhisattvas live. Many of them are great people in history who have lived to serve God and worked for the salvation of human souls (e.g. Mother Teresa).

6th Dimension

The 6th dimension is inhabited with high spirits. Those who live here are spiritually refined such as leaders, specialists and teachers. These spirits have overwhelming wish to guide others and have a mind filled with love and compassion.

5th Dimension

The 5th dimension is filled with good-natured and harmonious spirits. These spirits begin to realize that they are spiritual beings and also begin to understand how it is a joy to give love to others.
