Lord God El Cantare

El Cantare means “the Light of the Earth.” He is the Supreme God of the Earth who has been guiding humankind since the beginning of Genesis, and He is the Creator of the universe. He is whom Jesus called Father and Muhammad called Allah, and is Ame-no-Mioya-Gami, Japanese Father God. To unite various religions and to integrate various fields of study in order to build a new civilization on Earth, a part of the core consciousness has descended to Earth as Master Ryuho Okawa.

Our Teachings

Happy Science’s teachings have touched the lives of many people. The key to happiness is taught in the Fourfold Path which contains four principles: love, wisdom, self-reflection and progress. By studying and practicing this principle, it will guarantee a happier, more positive life. Why not start by reading our trilogy, *The Laws of the Sun*, *The Golden Laws* and *The Laws of Eternity* to find out more?
